EDUCATION

University of Malaya QS Ranking 60 Master of Data Science CGPA: 3.92/4.0 (Top 1%, Graduated with Distinction) Excelled in subjects including advanced Data Science techniques, and Research Methodology.	Oct 2023 - Sep 2024
Beijing University of Posts and Telecommunication Computer Science and Technology Bachelor CGPA: 3.64/4.0 Graduated with distinction in Computer Networks, Databases, Java Programming, Operating Systems, and Fundamentals of Communication Systems.	Jan 2021 - Jan 2024

Publications

Work Experience

Hualan Group Co., Ltd. Architect Assistant • Created and developed the department's BIM team. • Collaborated with the Big Data department on interdisciplinary research combining architecture and computer science.	Jun 2020 - May 2023
Beijing Zhongwaijian Construction Co., Ltd(BCCI) Architectural Designer • Using low-code development tools such as Grasshopper and Dynamo for architectural design. • Responsible for text production, scheme design, and report video editing.	Jul 2019 - Jan 2020

PROJECT EXPERIENCE

Training and Applications of Multimodal Large Models Medical Vision Question and Answering Using Bootstrapping Language-Image Pre-training (BLIP) model for Medical Visual Question Answering. Generation Used MidJourney to generate Monet-style images. Applied Diffusion Models to create anime characters.	Sep 2022 – Sep 2024
Nanning Wuxu International Airport Terminal 3 Area and Supporting Facilities Construction Model Designer Data Collection and Analysis	Sep 2021 – Mar 2024
Guangxi Jinxiu International Yao Medicine Hospital Project Secretary Data Collection and Analysis	Jan 2024 – Aug 2024
Wuzhou Red Cross Canghai Hospital Construction Project CAD Drafter Data Model Building	Jan 2024 – May 2024

Prizes, Certifications and Technical Skills

- International Prizes:** Gold Prize, 2nd International Smart Construction Innovation Award; Silver Award, International Creative Innovation Idea Competition (ICIIC), 2024; Silver Award, Best BIM Project, 7th International BIM Award cum Conference, 2022
- Skills:** Deep Learning; Machine Learning; Python; Pytorch; TensorFlow; Linux; R; LaTeX; Tableau; GitHub; R
- Certifications:** Assistant Engineer; National Information Security Test Program (NISP I); Google Data Analyst Certification; Project Management Essentials Certified; Diploma in Expertise in Coaching and NLP
