

SALWA MOHAMMED

Faculty | Researcher

+971 56 9733451 salwa221b@gmail.com www.linkedin.com/in/salwamohammed/ Dubai, UAE

SUMMARY

Enthusiastic faculty with five years of experience teaching computer science with an emphasis on cybersecurity. Knowledgeable in cybersecurity concepts, tools, and technologies and can facilitate learning in a variety of settings. Proficient in teaching, conducting research, and publishing findings in professional journals, conferences and books.

EXPERIENCE

Assistant Professor

University of Stirling, RAK

09/2024 - Present Ras Al Khaimah, UAE

- Teach computer science modules including Data Structures and algorithms, Security and Network, JAVA to undergraduate students, focusing on content that accomodates diverse learning needs.
- Supervise and mentoring final-year students on their projects and dissertation, offering guidance and support throughout their research and development processes.
- Contribute to university's research initiatives through active research and publication of scopus indexed papers.
- Serve as a personal tutor, providing support and guidance to students for both academic and personal concerns.

Adjunct Faculty

Britts Imperial University College

04/2024 - 09/2024 Sharjah, UAE

- Delivered weekly lectures on 'Implementing and Managing Cybersecurity' module for graduate students.
- Prepared course materials, including hands-on practical labs, assignments, and quizzes, including interactive online classes.

Research Scientist & Instructor

University of Dubai

11/2022 - 12/2023 Dubai, UAE

- Conducted research in cybersecurity, specializing in designing and implementing robust models for malware defense.
- Utilized expertise in machine learning, malware analysis, and reverse engineering tools such as TensorFlow, IDA, Ghidra, FLOSS, and Cuckoo Sandbox. Published a journal article and two conference papers in top publications.
- Delivered tutorials and conducted JAVA and Python labs sessions for undergraduate students.

Adjunct Lecturer

Murdoch University Dubai

01/2023 - 05/2023 Dubai, UAE

- Delivered engaging lectures to undergraduate students on "Security Architecture and Systems Administration" course, ensuring comprehensive understanding of key concepts.
- Evaluated student assignments, quizzes, and papers, maintaining high academic standards and providing constructive feedback for improvement.
- Provided practical demonstrations on malware analysis using Cuckoo sandbox, equipping students with real-world skills and insights into cybersecurity practices.

TECHNOLOGICAL SKILLS

Cuckoo Virtualbox Kali Linux

Nmap Wireshark YARA

PEstudio Exeinfo PE Ghidra

Python JAVA x86 assembly

HTML CSS Tensorflow

CERTIFICATIONS

CompTIA Security+

CompTIA

Cybersecurity Specialization

University of Maryland, Coursera

Machine Learning

Stanford University, Coursera

C-Tech Certificate in Web and User Interaction Design

National Skill Development Corporation (NSDC)

KEYACHIEVEMENTS

Published Researcher

Authored one peer-reviewed scientific article and three conference papers in prestigious publications, advancing the field of cybersecurity.

Top Graduate Student

Secured third rank in Masters program

Top Graduate Student

Secured third rank in Bachelors program

Competitive Sport

Obtained gold medal in 34th All India Budokan Karate Championship

EXPERIENCE

Adjunct Instructor

University of Wollongong in Dubai

01/2022 - 05/2022 Dubai, UAE

- Delivered high-quality lab practicals to students enrolled in the Cybersecurity program.
- Marked assessments, including assignments, quizzes, papers, and projects, providing constructive feedback to students.
- Supervised student projects, offering guidance and support to enhance quality and student learning outcomes.

Co-founder

The Arctic Fox

05/2018 - Present Hyderabad, India

- Co-founded a merchandise startup focused on custom apparel and accessories, managing day-to-day operations, vendor relations, and developing design concepts.

Private Tutor

Freelance

05/2015 - 11/2017 Hyderabad, India

- Provide personal tutoring to students in courses such as Security, Computer Networks, and programming languages among others, addressing individual learning needs.

EDUCATION

Master of Technology in Computer Science Engineering

Osmania University

09/2016 - 11/2018 Hyderabad, India

Post Graduate Diploma in Computer Applications

Osmania University

09/2015 - 08/2016 Hyderabad, India

Bachelors of Engineering in Information Technology

Osmania University

09/2011 - 06/2015 Hyderabad, India
