

MAHA MOHAMMAD ALBLOOKI

EMAIL: MahaBlooki@hotmail.com

CONTACT NUMBER: 050-388-8318

NATIONALITY: EMIRATI

SUMMARY:

Instructor with dual Master's degrees in NLP and Cybersecurity, experienced in teaching, AI research, and applied NLP projects. My doctoral goal is to advance Arabic NLP and speech technologies, with a focus on low-resource dialects and ASR.

EDUCATION:

Mohammed Bin Zayed University of Artificial Intelligence-Abu Dhabi, UAE **Graduated: May 2025**

Master of Natural Language Processing (NLP)

GPA: 3.43/4.0

Relevant Coursework: Big Data, Artificial Intelligence, Natural Language Processing, Speech Processing

Zayed University-Dubai, UAE

Graduated with High Distinction: June 2022

Master of Information Technology Degree – Cyber Security

GPA: 3.87/4.0

Relevant Coursework: Penetration Testing & Ethical Hacking, Network & Internet Security, Small Scale Digital Devices Forensics

Zayed University-Dubai, UAE

Graduated in Dean's List: June 2018

Bachelor of Information Technology Degree – Enterprise Systems

GPA: 3.54/4.0

Relevant Coursework: Data Science, IT Project Management, Cloud Computing, Database Systems

PEER-REVIEWED PUBLICATIONS:

Using Vehicle Forensics for Crime Investigation: An SUV Case Study - *International Journal of Electronic Security and Digital Forensics (IJESDF)* **Published: 2023**

ASR Models for Traditional Emirati Arabic: Challenges, Adaptations, and Performance Evaluation - *International Conference on Natural Language and Speech Processing (ICNLSP)* **Published: 2025**

WORK EXPERIENCE:

College of Technological Innovation, Zayed University, Dubai, UAE

Oct 2021-May 2025

Instructor

- Designing course syllabi and lesson plans for networking, security, and programming courses

- Preparing and delivering lectures, presentations, and demonstrations
- Conducting assessments, grading assignments, and providing feedback to students

Data Science and Analytics Dept, Digital Dubai, Dubai, UAE

Jan-Mar 2023

Data Science

- Developing and implementing statistical and machine learning models to analyze and interpret datasets in Python
- Cleaning and preprocessing large data sets to ensure accurate and reliable analysis
- Communicating findings and insights to stakeholders through data visualization and clear, concise reporting

General Dept of Community Happiness, Dubai Police, Dubai, UAE

Sep-Nov 2022

Data Visualization

- Designing and creating interactive data visualizations and dashboards to effectively communicate complex data insights using SAS Visual Analytics
- Collaborating with data scientists and analysts to understand the data and determine the most effective visualization methods
- Developing and maintaining the technical infrastructure for data visualization, such as setting up data pipelines and ensuring data accuracy

Global Technology Services (GTS), IBM, Dubai, UAE

Aug 2018-July 2019

Project Manager

- Planning activities & resources
- Handling financial management & logistics
- Communicating with internal & external stakeholders

PROFESSIONAL TRAINING:

Cisco Certified Network Associate (CCNA1) Instructor – Cisco

Cisco Certified Network Associate (CCNA2) Instructor – Cisco

Certified Ethical Hacker (CEH) – EC Council

Nanodegree in Data Analysis and Visualization in PowerBI - Udacity

Samsung Innovation Campus of Artificial Intelligence - Samsung

IBM Data Science Professional Certificate - IBM

TECHNICAL SKILLS

Operating Systems: Familiar with Windows Client/Server, Ubuntu, Kali, Parrot, Metasploitable, OpenSuse

Cybersecurity: Expert in Metasploit Framework, Aircrack-ng, John the Ripper, Hashcat, Nikto, Nessus, OWASP ZAP, Hydra, Social-Engineer Toolkit (SET), Burp Suite, Maltego

Networking: Experienced with Wireshark, Snort, Nmap, Tcpdump, Netcat, Scapy

Digital Forensics: Autopsy, FTK Imager, RAM Capturer, EnCase, ExifTool, The Sleuth Kit

Programming Languages: Proficient in Python and SQL, with experience in Java and R
